GREENWOOD'S FIRST "BRAND NEW" UNIT ARRIVES
— Chief Raymond A. Seames of the Greenwood Fire Department looks on last Saturday as Selectperson Margery Swain delivers a check to Mike Berry of The Ted Berry Company of Livermore Falls covering the cost of the first "brand new" unit to be purchased by the Town of Greenwood. The truck was purchased partially with monies saved from Revenue Sharing.

This unit is a Bean with a 1,000 G.P.M. pump, a 750 gallon capacity tank and a Bean high pressure pump with two 200 ft. booster reels all mounted on a Ford chassis model C900. It is also equipped with a 100 gallon foam tank which can be operated through the high pressure pump. The pumper was driven from the factory in Indiana to Greenwood by Assistant Chief Hugh Swan and Captain Raymond W. Seames.

STATE POLICE WARN OF INCREASED BICYCLIST

The Maine State Police report that the increased number of bicycles on Maine roads during the warmer months means a higher probability of increased deaths and injuries.

"Each year more than 1,100 are killed nationwide in collisions between motor vehicles and bicycles, and our records show for 1976 there were four persons killed and 334 injured in Maine," said Col. Allan H. Weeks, Chief of the Maine State Police.

Over 50% of bike accidents occur at intersections and 70% in daylight, said the State Police Chief.

"In addition, more than 78% of bicyclist accidents involve children and are the result of two people riding on a bicycle built for one, loss of control of the bicycle, mechanical failure, or entanglement of body and bicycle," said Col. Weeks.

"U. S. Department of Transportation studies show that bicyclist accidents seem to be most often the fault of the bicyclist rather than the opposing motorist. And in many cases, accidents involve bicyclists who do not know or

who willfully disregard traffic regulations. Col. Weeks said.

Maine law requires bicyclists to stay as far as practicable to the right side of the roadway, unless modified by local ordinance. No bicycle can carry more persons at one time than the number for which it was designed. And, no bicyclist shall attach him or herself to any other moving vehicle.

"If you ride a bicycle, the Maine State Police remind you to stay alert for motor vehicles that you share the road with—and ride in single file," said Col. Weeks, and "if you're a motorist, we remind you that youngsters on bicycles make unexpected moves."

In addition, the Maine State Police said most accidents could be prevented if bicyclists obeyed the following "Rules of the Road."

—Go with traffic.
—Ride single file if with a group.
—Obey all traffic signals and signs.
—If possible, use less-traveled roads.
—Walk the bike across busy streets.
—Keep both hands on handle bars except when signalling.
—Give pedestrians the right of way.
—Ride in a straight line.
—Keep eyes straight ahead.
—Keep behind moving cars.
—And, at night—wear light col.

Greenwood City

Mrs. Colista Morgan, Corres.

Everyone is now talking about the mid-July heat and a way to keep cool, remember the old swimming holes of years ago. They were usually in seclusion from the general public and some where had a sand bar. Here we lolled between times of activity. After hot, dusty, itchy work to stow hay away up under the eaves of the barn or other farm work, the old swimming holes were welcome spots. How good the water was! Memories become more beautiful as older they grow and with age take their place in those days of long ago.

Haying goes on at the farm. A sweet fragrance hovers over the fields. The grass wills quickly in the July sun. The songs of the machines float and echo across the land. There is an appearance of haste to get the crop dry and always one eye on the weather, wondering if there is time to bale it and get it into the barn before a shower. The machines of today make the job far different than when there were scatterings to make and pitching off a load, tossing great forkfuls to the mows. The vegetable gardens have unged their way through the earth. There are now the ferny tops of carrots, sprawling vines of cucumbers, squashes and melons, peas ready to pick, and beet greens ready to freeze. As July ripens to August, the tomato plants become little green trees, and we'll be busy picking raspberries.

After a busy day it is nice to spend an evening on the lawn. Quietness rests on the hillside. Occasionally a purple finch tosses an aria to an indifferent world. A hummingbird darts on wings as he hovers above the bee balm. We watch a muskrat dive and swim among the weeds while the ducks talk among themselves.

Dusk tiptoes hesitatingly down from the hills. Green frogs along the pond's edge, from time to time break out with sudden crescendos. Living sparks, the fireflies go weaving across the lawn, and in and out among the shadows, drawing red dashes on night's page. Cooler air steals over the productive earth. We move inside to rest and await another day.

Northwest Bethel

—Clarice Gibson, Corres.—

The heat has broken. Every body's moods were getting short and nippy. I have often read that the weather has a lot to do with crimes and I do not dispute it. Think even the gentlest of people either just give up or become quarrelsome. This morning, however, there is a nip of fall in the air. In fact, got up and started a fire in the kitchen stove. As I sit here writing, a bird is calling for rain outside the bay window. We really do need rain. Frank and Ira watered the plum trees yesterday; and if it doesn't rain, will be watering again today.

Monday night had to go pick up George on the 9:17 p. m. Gerry Shimamura, Ira and I went down. After George had got off and we were waiting for his baggage someone said, "Hi". It was Stephen Anderson who had George down to pick up his wife, Pat and two boys. In spite of the heat we had a very enjoyable evening. George had flown up from Orlando, Fla., and reported much cooler weather that day in Florida than here.

Tuesday, George and Ira went to see Gram and Gramp Allen in Norway and cousin Ben and family in Oxford. Aunt Marion, Uncle Ben and two of the children were there. George invited Robert Tucker to go to the Norway drive in with him and Ira. They brought Robert up to stay overnight. We spent Wednesday in Mt. Vernon at my sister Marion's and took her boy back. Left George at Oxford on the way back and Gram and Gramp brought him back Thursday.

Thursday evening George went down to visit with Doug Smith. Friday morning we went down to see Frank the III and Grace. He had to leave at 11:05 a. m. Saturday morning, in between, when we could stand the heat we weeded and picked raspberries. After taking him back to the airport it took 20 minutes to get off Gray turnpike as traffic was jammed up so much.

July 13th Misty Lynn Hutchins celebrated her first birthday at her parents, Mr. and Mrs. Jeff Hutchins. Her cake was made by Grammie Gertrude Hutchins. Guests were Jennifer Mason, Sara Coolidge and Dawn Seames with their mothers. All four little girls are in the vicinity of a year and would like to have seen them. Gifts were exchanged.

Christine Smith was honored July 20th with an outdoor steak barbecue at the home of her parents, Mr. and Mrs. Homer Smith Jr. Family members were present. This was Christine's 21st birthday. Stopped in one of the hot mornings and had a very enjoyable visit with Mrs. Emilie Cherry. I was also introduced to her son, Bruce Ballard, who has had a very interesting life for a young man. He is from Woodstock, England, seven miles north of Oxford and teaches at a junior high school for dependents of U. S. military personnel stationed in England, Upper Heyford base. He is a physical education teacher and coaches cross country, fall and winter wrestling and in the spring, track and field. For two years he taught in Greece just outside of Athens. He was visiting his brother, who was then in the Air Force, stationed in Greece. The American dependents' children there needed a P. E. program and so Mr. Ballard had the right qualifications he was hired to start the first American program for these dependents. He is now living in England just

around the corner from Blenheim Castle where Winston Churchill was born and raised. Mr. Ballard will be leaving Aug. 18 for his third year in England.

Mrs. Cherry would like to remind all of her late husband's friends of his memorial services July 30 at 2 p. m. at the West Parish Congregational Church.

Ms. Enzig's father, L. Hassler Enzig from Andover, N. H., came up for two days to help get in the winter's firewood.

Mr. and Mrs. Dick Angevine and family had as guests Sunday night to a roast beef cookout Mr. and Mrs. Les Butters.

Mrs. Steve (Pat) Anderson and two boys, Brian and Eric, left June 29 and returned July 18. Their first stop was at her mother's, Alberta Shampin Karber's in Gallup, N. M. They spent one week in Lake Meade, Ariz., with brother and wife, Mr. and Mrs. Jerry Shannon and children. Mrs. Alberta Karber was also with them. They went to Las Vegas and toured Hoover Dam, where the temperature rose to 126°! Mrs. Anderson, her children and mother then returned to Gallup for two days longer. Pat and boys then flew to Milltown, Wis., and Mrs. Mike Shannon, and children for a couple of days. Pat reports she had a lovely trip but is very glad to be home again as there is no place like Maine! I understand that her boys also have the same sentiments.

Mrs. Mildred (Grammie) Chapman is still in the hospital so cards would still be appreciated. I understand she has been operated on but was not able to get all the details.

Mrs. Leslie Lapham went back with her brother and wife, Mr. and Mrs. Edwin Wilson, Monday, July 18, and he brought her back the following Thursday. Their sister, Miss Minnie Wilson, from Charleston, Maine, spent Tuesday with them at the Wilson's home in Orono.

Richard Saunders and Matthew and Chris Lahan are taking swimming lessons at Songo Beach.

Terry Mason was home for the week end to visit her parents, Mr. and Mrs. Charles Mason, Jr. Mr. and Mrs. James Murphy and children, Glenn and Dwane, from Florida are here visiting relatives. Some of these would include Mr. and Mrs. Pat Murphy, parents; sisters are Mrs. Robert Stearns and Mrs. Ruth Mason and his brother is Frank Murphy.

Hopes the rain will be enough to help the crops, as after the heat we need rain.

"FLY UP" JULY 30 TO BENEFIT WESTERN MAINE ART GROUP

The "Fly Up" sponsored by Isaac Russell of Russell's Aviation and Oxford County Regional Airport was such a success last summer for the Western Maine Art Group that another "Fly Up" is planned for this week end.

Plane rides over Oxford County scenic area will take place on Saturday, July 30 and Sunday, July 31 at the Oxford County Regional Airport from 10 a. m. to sundown. Russell's Aviation will offer the rides at a nominal fee with the proceeds to be given to the Western Maine Art Center in Norway.

Wayne Ellingwood will be pilot in command assisted by pilots, Freeman Merrill, Nelson Carey and Dave Hauth. In case of bad weather the rain dates will be August 6 and 7.

Last year the Art Group was faced with the dismal possibility of closing the doors to the Norway Arts Center after several summers of sponsoring free exhibitions of painting, sculpture and photography. Members reported their plight to the public and the "Fly Up for Art" was a result of the wholehearted support of Mr. Russell, pilots who gave their time and the generosity of many local merchants.

This week, the members of WMAG will be busy baking for a food sale and planning the supplies of hot dogs, coffee, doughnuts and soft drinks to be sold at the fund raiser.

An exhibition of water colors, pen and ink drawings, and oil paintings by the group, will be on view in the airport hangar at Oxford Plains.

Health officials support SMOKE FREE RESTAURANTS

Health officials are contacting more than 1,100 Maine restaurants to determine if they have no smoking areas. Edward Miller, director of Health Education, Maine Department of Human Services, says, most people would rather not breathe tobacco smoke while eating in public.

He and George Nilsson, director Maine Lung Association, are contacting restaurants to gain voluntary support for the establishment of no smoking sections in dining areas. This action is being taken in part as a response to a recent WGAN-TV poll which indicated viewers favored a separate smoking section in restaurants by an 11 to one majority. Miller says.

Miller and Nilsson estimate that one-third of the adult population in Maine smokes. They see dangers for a separate smoking section in restaurants as one part of an overall movement by the nonsmoking public to protect their right to breathe clean air.

They claim the concept of reserving certain areas as smoking sections is not new. Airlines and passenger trains and many public buildings have been doing it for years. As the number of non smokers increase and the dangers of tobacco smoke on the nonsmokers are further documented, they expect more areas will be off limits to smoking.

More than 1,100 eating places in the state have been contacted. Those establishments that have a separate smoking section or that are willing to make special arrangements to provide one will be listed in a "Guide to Smoke Free Eateries in Maine".

COUNTRY MUSIC WEEK END AT JEFFERSON, N. H.

FRIDAY-SATURDAY, AUG. 4-5

Coming straight from Nashville, world famous guitarist Chet Atkins will appear on Saturday, Aug. 6, at The White Mountains Festival of the Arts in Waumbek Village, Jefferson, N. H.

The Atkins concert will be part of a "Country Music Week End" that will open on Friday, Aug. 5, at 8 p. m. with Banjo Dan and the Mid-Nite Plowboys, a bluegrass band out of the mountains of Vermont.

Atkins, or "Mr. Guitar" as he is known to millions of country music lovers, will be on stage Saturday, Aug. 6, at 8 p. m. under the big blue and white Festival '77 tent.

The Country Music Week End provides a dramatic change of pace in the eight-week Festival '77 program. It comes between the final performances of the Festival Orchestra and a week-long residency by the Hartford Ballet.

A week earlier, Gov. Meldrim Thompson, Jr., of New Hampshire, will be honored as a patron of the arts and presented a sculpture of the state's Revolutionary War hero General John Stark as a gift to the citizens of New Hampshire. The presentation will be made on Sunday, July 31, at 3 p. m., when the Festival Orchestra and 150 voice Chorus present an all Mozart program.

After the Country Week End, the Hartford Ballet will be in residence at Festival '77 to give performances on Aug. 11, 12, and 13.

During the Festival there is always something happening on the Waumbek grounds. There is a music school, a sculpture workshop, a ballet school, and a free sculpture featuring works by Canadian and American sculptors.

A performance by Chet Atkins is considered a major coup by Festival '77 because he is one of the most sought musicians in the world.

Atkins has recorded 49 successful albums and is equally at home with country, pop, jazz, and classical music.

He has been headliner at the Masters Festival of Music, and appeared with Arthur Fiedler and the Boston Pops, Atlanta Symphony, Nashville Symphony, and the Memphis Symphony. He is

SENIOR CITIZEN MENU TUESDAY, AUGUST 2

Menu for the meals for the elderly to be served Tuesday, Aug. 2, at Bethel Methodist Church includes baked meat loaf with gravy, parsley potatoes, buttered cabbage, poppy seed roll and fruited vanilla pudding.

On television, he has appeared on the Ed Sullivan Show, the Perry Como Special, Johnny Carson's Tonight, the Jimmy Dean Show, Roger Miller Show, Mike Douglas Show, Dick Cavett Show, Johnny Cash Show, and the Kraft Music Hall.

Atkins was named the Most Popular Guitarist in the Country Field in 1969 and 1970 in the Guitar Player Poll.

In addition to his guitar playing, he is a vice president in charge of RCA's Nashville operation.

Kicking off the Country Week End will be the well-known New England bluegrass band - Banjo Dan and the Mid-Nite Plowboys.

The past four years, the group has been building a reputation playing festivals, clubs and colleges through the region.

Working from a music tradition that is primarily southern and rural, the Plowboys draw their repertoire from many sources and cover a broad spectrum of themes and moods from bluegrass standards and mountain tunes to rock, country and cajun songs.

Appearing with the band is rhythm guitarist "Big Al" Davis, "Banjo Dan" Lindner, mandolinist "Oat Willy" Lindner, bass fiddler "Boom Boom" Blagden and fiddler "Sneaky Pete" Tourin.

Also scheduled to appear at Festival '77 are Lottie Goslar's Pantomime Circus and Buddy Rich and the "Giller Force" band.

The White Mountains Festival of the Arts is supported in part by the National Endowment of the Arts and the New Hampshire Commission on the Arts.

THE FINGER OF GOD

By Dr. P. Philip Jackson
Community Church,
Rumford Center

"But Jesus stooped down, and with His finger wrote on the ground..." (John 8:6).

The fingers of God are creative fingers. In the beginning they scooped out the oceans, pressed forth the rivers and piled up the mountains. They took up the gigantic hammer of time and struck the anvil of creation. They took the moon like a huge cameo and pinned it on the bosom of the sky, then placed the stars like shining diamonds on the black velvet of the sky.

His creative fingers also wrote the ten commandments for humanity on Mount Sinai. The rocks in that particular area are basalt and very hard, but God wrote with His finger upon two tables of stone; He didn't need a chisel.

Again in Daniel chapter five in the middle of a drunken feast, God's hand slipped out of the sleeve of the night and wrote the death warrant of a fool. Yes, that same finger that created all things and wrote the law for sinful man to keep, wrote on Belshazzar's palace wall: "Thou art weighed in the balances and found wanting."

Jesus never wrote a book, nor did He write voluminous dissertations to promulgate His teachings. We do, however, in our text have the only recorded incident of His writing ministry. It is significant that He didn't use ink or paper, but with His finger wrote on the dusty ground.

But wait! Aren't those divine fingers writing on the ground familiar? Yes, they had poured light into sightless sockets, heat music on deaf ear drums and thawed the frozen fountains of speech in the dumb. They are the same fingers that miraculously multiplied five loaves and two fishes to satisfy the hunger of over five thousand people. Hallelujah! I see those fingers stretching over the raging billows of the angry sea and making them lie like sleeping dogs at the Master's feet. THIS IS NONE OTHER THAN GOD IN CHRIST dwelling among men and lifting them to their own God-consciousness!

No one knows what He wrote that day. We are told, though, that as a result of His writing many of them walked away. Jesus said to the accused woman: "Neither do I condemn thee. Go, and sin no more!" What grace! What mercy! What compassion! What an eloquent finger!

Pointing at every one of us is God's finger of Judgment. Only one power is greater than Judgment; it is UNCONDITIONAL LOVE! Behind the law's finger of

ANY HOME, new or old, can be fully insulated to cut your costs. Our trained crew blows superior Cellulose Insulation in attic and walls without muss or fuss... without disturbing your household routine. The fuel savings pay for the job.

Drafty rooms, snow melting from your roof, walls that are cold to the touch, all mean escaping heat and excessively high fuel bills. Insulation blown into your walls and ceilings stops all this. Cuts fuel bills as much as 50%. Keeps your home as much as 15% cooler in summer and lowers air conditioning costs.

Because Cellulose is an extremely light-weight material that is blown in place under pneumatic pressure, it completely fills all areas. No voids are left. Cellulose flows around wires, pipes and cross bracing to give complete and lasting thermal protection.

WHAT'S NEW AT THE BETHEL LIBRARY?

The Letters of Robert Frost to Louis Utemeyer, (NF) This book shows a darker side of Robert Frost.

"Inner Tennis" (NF), W. Timothy Galloway. This book helps people be aware of certain situations and how to conquer them. The techniques can be applied to many facets of life not just tennis.

"In God We Trust—All others Pay Cash" (F), Jean Shepherd. A very funny and satirical book. Great insights on nostalgic reminiscence. Jean Shepherd writes here like Norman Rockwell writes—only with a "twist, lemon." DB

"Loose Change" (NF), Sara Davidson. The true, intimate story of three women who came of age during chaotic 1960s—and now grope to find meaning in the 70s. Photos. LG

"Lovely—A Very Special Child" (F), Mary MacCrocker. Lovey is the true story of a "miracle" how an emotionally disturbed child was reborn in mind and body; and how a compassionate, committed teaching, it happens. It is a very touching, inspiring, beautifully written book. This book can be a very strengthening book for anyone who is trying to help their children grow up whole and happy.

"Orchard Children" (NF), Rachael Maddox. The true story of a family's attempt to adopt children.

"Thorn Birds" (F), Colleen McCullough. A sweeping, passionate story of a beautiful woman in love with a Catholic priest. Spanning three generations, this compelling drama is played out against a panorama of vividly drawn settings—an Australian ranch, the excitement of the London Theatre world and the hallowed halls of the Vatican. LG

"Great Times, Good Times" (NF), Maurice Barrymore. For anyone interested in every aspect of the American theater from about 1890 to the 1920s, as recorded in the life of the father of the Royal Family of the stage, Ethel, Lionel and John Barrymore, this biography of Maurice Barrymore will supply hours of pleasant reading. Months of research have resulted in a panorama of sights, sounds, and close-ups of this man and his progeny, bringing into focus an era unique in every way.

Books that have been donated by book club members are:

"A Place to Come To," Robert Penn Warren; "Kissinger," Marvin Kalb, Bernard Kalb; "Blood and Money," Thomas Thompson; a true story of muscle, passion and power; "The Godland Deal," N. J. Crisp, detective story; "Raven and the Ratscatcher," Donald MacKenzie, detective story; Detective Book Club.

Let a "Pro" Sell It

Selling your home yourself is no easy undertaking. Basically, it means attracting the right prospects — people who are ready, willing, and financially able to buy. Not those who are curious to see what your furniture looks like from the inside.

You can attempt to make this sale yourself, or you can have someone else handle the difficult negotiations. Frankly, the best way to market your home — probably your most valuable asset — is the professional way. Just as you would go to a doctor or a lawyer for medical or legal aid, you will want to go to a Realtor for assistance in selling your home.

His technical skill, business experience, list of bona fide prospects, contacts with financial institutions, and professional reputation are all at your disposal to expedite the sale of your home at the best possible price. This is the reason why — nationally — 75 percent of all homes are sold through professionals.

... If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2578. We're here to help!
